LB 703

Education with any questions they may have. This is an opportunity we've not had before. We are communicating with the different school districts and school boards that they may be able to develop that "telelink". I'm sorry. There's been a change that it's going to be at Studio 5 instead of the East Chamber. That's a change. But that will be available to districts and school board members. And so I hope that this information, as you look it over, if you have questions you may check with us, but will be helpful to you. This is a new way of presenting it to you and I hope that it gives you the background to better understand the printout. Thank you.

SENATOR COORDSEN: Thank you, Senator Bohlke. Before we proceed, I would like to take a point of personal privilege, as Chair of the Executive Board, to share with the members of the body that the Preservation Association of Lincoln last evening presented the award of stewardship of a Lincoln landmark to the Legislative Council for the work that was done on the Legislative...Warner Legislative Chamber, for recognition of your commitment to historic preservation, revitalization of our community's historic origins, and investments in our community's future. Mr. Clerk, for your safe keeping here, so I wanted to share with you that the body has been recognized for the work in preserving the Capitol. Mr. Clerk, next item.
